ProCom's Rigging Division is the first local company to receive DNV-GL certification for the manufacturing of wire rope lifting sets in T&T. Most recently, ProCom signed an acquisition deal which has propelled ProCom as a leader in the Rigging Industry. This strategic move that acquired the assets of a competitor's Rigging Division was completed on March 31st, 2016. As a result, ProCom's Rigging Division has grown in capacity to provide an enhanced service and added value to our customers.
